

TESTIMONIAL:

The Home Experience was truly an “experience” for me! I wanted to know more about God’s plan for my home and my family and I knew Lynn Q had such a lovely home. Selfishly, I wanted to see how I could improve the appearance of my home much more than I wanted to change any of my behaviors! But God always has much bigger plans for me! The appearance of my home – the décor, the lighting, the ambience – did change. But the deeper change happened in my heart. The four principles are so powerful! When you implement them consistently, your family becomes less chaotic, your home becomes warmer, your relationships are closer. Is my home a sanctuary of love and a haven of peace? Not always, but a lot more than it used to be! If your home and family seems chaotic and you find yourself overwhelmed most of the time, this study is for you! You will never regret giving up 3 hours a month to be a part of this group and learn what God’s vision for your home is!
